

# Welcome to the Club... It's the Ultimate Savings Club

Smart consumers have known for many years that planned saving for college tuition, investments, or medical funds take the crisis out of the crisis! Why...because they can better plan their expenses. It's easier, and it's smarter. Well, at Waldman Plumbing & Heating, Inc. we have now made it simpler to absorb the crisis repair bill, or to put in the new highly efficient water heater. Instead of the crisis crash... you can save now on service calls and plan for future projects with an attractive 10% discount.

It's called the Ultimate Savings Agreement, and here is how it works.

## *What is an Ultimate Savings Agreement?*

The Ultimate Savings Agreement is an annually scheduled review of your home's plumbing and heating systems. Your home's plumbing DOES need regular care. This is why it breaks down on occasion. Plumbing in a home is a system, and like any system it needs attention. We will come once a year on a regular schedule to inspect your home's plumbing and heating systems including toilets, faucets, fixtures, water heaters, heating components and a host of other items to insure they are operating properly.

## *What do you get with your Membership Privileges?*

Your plumbing and heating systems aren't exciting but they are critical to your home's well being. As an Ultimate Savings Club Member you will get the following:

- Annual Ultimate Plumbing or Heating Inspection** by one of our qualified technicians gives you the peace of mind that your home's plumbing system is in the best operating condition.
- 10% discount off any future repairs should you need them, including today's repair.
- \$0 destination fee on regular service calls.
- Guaranteed Front-of-Line Service.** When you need service, we'll put you in front of all new customers.
- Priority scheduling for emergency service calls within the next business day.
- Carbon Monoxide Analysis of your home with digital equipment.
- Extended warranties on labor and materials.

Maybe most importantly, you get our Ultimate Savings Satisfaction Guarantee. If you are not completely satisfied with our people, our performance or anything to do with our company, we will refund 100% of your money.

*All for only \$ 79.00 a year.*

(Sign up for both plumbing and heating and get the 2nd agreement for 1/2 price.)

## *Why is this a good deal for me?*

Statistically it's almost a certainty that you will need a plumbing repair within the next year-- so the Ultimate Savings Club is a wise choice, and a good deal. And if you want to upgrade any of your products during this time, it makes the investment that much less!
